Additional remarks by the Relationship Manager on beneficiary[14]	Shanthi is able to tell her name only. She has severe retardation so she is getting special education. Shanthi is now able to understand the emotions of her trainer and responds to it. She was not even able to sit due to her retardation. But after the physiotherapy and special education, she is able to sit with support in the caliper chair. During her individual education and training program, she is taught to listen to other people and to make communication. She is slowly learning those things. She loves playing with toys and watching rhymes on the TV. She becomes excited when she meets new people.

Note to the donor: GiveIndia's Relationship Managers travel to the most remote parts of the country to conduct the verification visits. These visits are very important to ensure our donors that we maintain a high level of trust in the ecosystem. A successful verification visit is a strong indicator that this NGO can be trusted with your donations and will utilize the funds raised to provide support to the intended beneficiaries.
